

FHWA Designated AFV Corridors

# Pathways for Cleaner Freight Transportation in the Northeast: *Industry and Fleet User Perspectives*

**AltWheels Fleet Day 2018**  
October 15, 2018

**Benjamin Mandel**  
Northeast Regional Director  
CALSTART

# About the Northeast Diesel Collaborative

- Launched in **2005** by U.S. EPA and NESCAUM
- **Regional clean transportation partnership** to reduce diesel emissions and improve air quality
- New England States, New York, New Jersey, Puerto Rico and Virgin Islands
- Partners spanning **diverse modes of transportation** – marine, railroad, truck and off road (construction and cargo handling)
- Mission to raise awareness, **prioritize activities**, seek funding and take action in the Northeast
- Main WGs: strategic planning, ports, construction, **freight**

# Northeast Clean Freight Corridor Workgroup

## *A Multi-Stakeholder Partnership*

*Promote **effective coordination** across Northeastern states to **plan for and develop clean freight corridors** to advance high-efficiency, low-emission alternative transportation technologies **across all modes.***

# NECFC Goals for 2018/19

- Collaborate with **Clean Cities Coalitions** on corridor-based fueling and best applications for alt fuel freight vehicles and infrastructure
- Help identify & prioritize Northeast gaps in **FHWA-designated alt fuel corridors** for building infrastructure; coordinate with other Collaboratives, I-95 Corridor Coalition for **Eastern seaboard approach**
- **Learn from industry** clean freight experts about advances in vehicle technologies and technology adoption
- Engage with TCI to track policy efforts to **curtail transportation emissions**
- Perform outreach via **AltWheels**, webinars, 2019 Partners Meeting, 2019 FHWA Alt Fuel Corridors Convening

# Industry and Fleet User Perspectives

## ■ Manufacturers

- Richard Samples, Cummins Westport
- John Manzi, BYD Motors

## ■ End-users

- Juan Corcino, Manhattan Beer
- Adolfo Kurczyn, IKEA North America
- Jonathan Ells, NYC Department of Citywide Administrative Services, Fleet Division
